DURAN VENTURES INC.
MANAGEMENT INFORMATION CIRCULAR
April 8, 2016

PART I – GENERAL MEETING INFORMATION

SOLICITATION OF PROXIES

This management information circular (the “Information Circular”) is furnished in connection with the solicitation by the management of Duran Ventures Inc. (the “Company”) of proxies to be used at the Annual and Special Meeting of Shareholders of the Company (the “Meeting”) to be held on Friday, April 8, 2016 at 10:00 a.m. (Toronto time) at 20 Toronto Street, Suite 200, Toronto, Ontario, M5C 2B8 for the purposes set out in the accompanying Notice of Annual and Special Meeting of Shareholders (the “Notice”).

Although it is expected that the solicitation of proxies will be primarily by mail, proxies may be solicited personally or by telephone, facsimile or personal interview by directors and officers of the Company at a nominal cost. The cost of any such solicitation will be borne by the Company. Arrangements will also be made with brokerage houses and other custodians, fiduciaries and nominees to forward proxy solicitation material to the beneficial owners of the Company’s common shares.

Registered shareholders are invited to complete the enclosed form of proxy and to send it to TMX Equity Transfer Services Inc., Suite 300, 200 University Avenue, Toronto, Ontario M5H 4H1, Fax: (416) 595-9593, not less than 48 hours, excluding Saturdays, Sundays and holidays, preceding the Meeting, or any adjournment of the Meeting.

These security holder materials are being sent to both registered and non-registered owners of the securities. If you are a non-registered owner, and the Company or its agent has sent these materials directly to you, your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding them on your behalf.

By choosing to send these materials to you directly, the Company (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

APPOINTMENT, REVOCATION AND DEPOSIT OF PROXIES

The following information is of significant importance to registered shareholders. The persons named in the enclosed form of proxy are directors and/or officers of the Company. **A shareholder has the right to appoint a person (who need not be a shareholder) other than one of the proxyholders to represent the shareholder at the Meeting. Such right may be exercised by inserting in the space provided for that purpose on the form of proxy the name of the person to be designated and deleting therefrom the names of each proxyholder, or by completing another form of proxy, and delivering the same to TMX Equity Transfer Services Inc., Suite 300, 200 University Avenue, Toronto, Ontario M5H 4H1, Fax: (416) 595-9593.** In all cases, the form of proxy should be dated and executed by the shareholder or an attorney authorized in writing, with proof of such authorization attached where an attorney has executed the form of proxy. If a form of proxy is not dated, it will be deemed to bear the date it was mailed, the postmark being sufficient proof of the date.

To be valid, a form of proxy must be signed by the shareholder or by the shareholder’s attorney authorized in writing or, if the shareholder is a corporation, it must be signed by an officer of said corporation or by an attorney duly authorized by a certified resolution authorizing the execution. The form of proxy must be delivered to TMX Equity Transfer Services Inc., Suite 300, 200 University Avenue, Toronto, Ontario M5H 4H1, Fax: (416) 595-9593, not less than 48 hours, excluding Saturdays, Sundays and holidays, preceding the Meeting or any adjournment of the Meeting.

A shareholder who has given a proxy may revoke it as to any matter upon which a vote has not already been cast pursuant to the authority conferred by the proxy. In addition to revocation in any other manner permitted by law, a proxy may be revoked by either executing a form of proxy bearing a later date or by executing a valid notice of revocation, either of the foregoing to be executed by the shareholder or by such shareholder’s authorized attorney in writing or, if the shareholder is a corporation, by an officer or attorney thereof duly authorized by a certified resolution authorizing the revocation, and by filing the form of proxy bearing a later date or the revocation of proxy either at the registered office of the Company at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof, or by filing the form of proxy with TMX Equity Transfer Services Inc., Suite 300, 200 University Avenue, Toronto, Ontario M5H 4H1, Fax: (416) 595-9593 not less than 48 hours, excluding Saturdays,

Sundays and holidays, preceding the Meeting or any adjournment of the Meeting, or by filing the revocation of proxy with the chairman of the Meeting on the day of the Meeting, or any adjournment thereof. In addition, a proxy may be revoked by the shareholder personally attending the Meeting and voting.

VOTING OF PROXIES

Each shareholder may instruct his or her proxy how to vote his or her common shares by marking the form of proxy. All common shares represented at the Meeting by a properly executed form of proxy will be voted, or withheld from voting (including the voting on any ballot), and where a choice with respect to any matter to be acted upon has been specified in the form of proxy, the common shares represented by the proxy will be voted in accordance with such specification. **In the absence of any instructions as to voting on the form of proxy, the proxyholder will vote in favour of the matters set out in the accompanying Notice.**

The enclosed form of proxy confers discretionary authority upon the proxyholder, or other person named as proxy, with respect to amendments to or modifications of matters identified in the accompanying Notice and any other matters that may properly come before the Meeting. As of the date hereof, management of the Company is not aware of any amendments to, variations of or other matters that may come before the Meeting. In the event that other matters do come before the Meeting then the proxyholder intends to vote in accordance with his or her own judgment.

NOTICE TO BENEFICIAL SHAREHOLDERS

The information set forth in this section is of significant importance to many shareholders as a substantial number of them do not hold common shares in their own name, and are therefore not “registered” shareholders. Only registered holders of common shares of the Company or the persons they validly appoint as their proxies are permitted to vote at the Meeting. In many cases, common shares beneficially owned by a person (a “**Non-Registered Holder**”) are registered either: (i) in the name of an intermediary (an “**Intermediary**”) (including banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans) that the Non-Registered Holder deals with in respect of the shares, or (ii) in the name of a clearing agency (such as the Canadian Depository for Securities Limited) of which the Intermediary is a participant.

Distribution to NOBOs

In accordance with the requirements of the Canadian Securities Administrators and National Instrument 54-101, “Communication with Beneficial Owners of Securities of a Reporting Issuer” (“**NI 54-101**”), the Company will have caused its agent to distribute copies of the Notice and this Circular (collectively, the “**meeting materials**”) as well as a voting instruction form directly to those Non-Registered Holders who have provided instructions to an Intermediary that such Non-Registered Holder does not object to the Intermediary disclosing ownership information about the beneficial owner (“**Non-Objecting Beneficial Owner**” or “**NOBO**”). The Company is not relying on the notice-and-access delivery procedures set out in NI 54-101 to distribute copies of proxy-related materials in connection with the Meeting.

The meeting materials distributed by the Company’s agent to NOBOs include a voting instruction form. Please carefully review the instructions on the voting instruction form for completion and deposit.

Distribution to OBOs

In addition, the Company will have caused its agent to deliver copies of the meeting materials to the clearing agencies and Intermediaries for onward distribution to those Non-Registered Holders who have provided instructions to an Intermediary that the beneficial owner objects to the Intermediary disclosing ownership information about the beneficial owner (“**Objecting Beneficial Owner**” or “**OBO**”).

Intermediaries are required to forward the meeting materials to OBOs unless an OBO has waived his or her right to receive them. Intermediaries often use service companies such as Broadridge Proxy Services to forward the meeting materials to OBOs. Generally, those OBOs who have not waived the right to receive meeting materials will either:

- (a) be given a form of proxy which has already been signed by the intermediary (typically by a facsimile stamped signature), which is restricted as to the number of shares beneficially owned by the OBO, but which is otherwise uncompleted. This form of proxy need not be signed by the OBO. In this case, the OBO who wishes to submit a proxy should properly complete the form of proxy and deposit it with TMX Equity Transfer Services Inc. in the manner set out above in this Information Circular, with respect to the common shares beneficially owned by such OBO; or
- (b) more typically, be given a voting registration form which is not signed by the Intermediary and which, when properly completed and signed by the OBO and returned to the Intermediary or its service company, will

constitute authority and instructions which the Intermediary must follow; this form is also typically referred to as a voting instruction form. Typically, the voting instruction form will consist of a one page pre-printed form. The purpose of this procedure is to permit the OBO to direct the voting of the common shares he or she beneficially owns.

Should a Non-Registered Holder who receives one of the above forms wish to vote at the Meeting in person, the Non-Registered Holder should strike out the names of the persons named in the form and insert the Non-Registered Holder's name in the blank space provided. In either case, Non-Registered Holders should carefully follow the instructions, including those regarding when and where the proxy or voting instruction form is to be delivered.

QUORUM

A quorum of shareholders shall be present at the Meeting if two or more shareholders are present in person or represented by proxy representing not less than one-tenth (10%) of the outstanding shares entitled to vote at the Meeting.

VOTING SHARES AND PRINCIPAL HOLDERS

The authorized share capital of the Company consists of unlimited common shares without par value and 100,000,000 preferred shares without par value. As at the Record Date (as defined below), 234,649,870 common shares were issued and outstanding, each of which carries the right to one vote on all matters that may come before the Meeting, and no preferred shares were issued and outstanding.

To the knowledge of the directors and officers of the Company, no person or company beneficially owns, or controls or directs, directly or indirectly, voting securities carrying 10% or more of the voting rights attached to all outstanding voting securities of the Company.

The Company has fixed March 4, 2016 as the record date (the "**Record Date**") for the purpose of determining shareholders entitled to receive notice of the Meeting and as the record date for the purpose of determining shareholders entitled to vote at the Meeting. The Company will prepare a list of shareholders as at the close of business on the Record Date and each shareholder named in the list will be entitled to vote the shares shown opposite his name on the said list at the Meeting.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

No person who has been a director or an executive officer of the Company at any time since the beginning of its last completed financial year, or who is a proposed nominee for election as a director of the Company, or any associate or affiliate of such persons, has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon at the Meeting, except as disclosed in this Information Circular.

ANNUAL AND SPECIAL BUSINESS

Election of Directors

The articles of the Company provide for a minimum of 1 and a maximum of 10 directors. The Board has determined that the number of directors to be elected at the Meeting is six. The six persons named below will be presented for election at the Meeting as management's nominees (collectively, the "**Nominees**"). **Unless the shareholder directs that his or her common shares be otherwise voted or withheld from voting in connection with the election of directors, the persons named in the enclosed form of proxy will vote FOR the election of Steve Brunelle, Joseph Del Campo, Oscar Francisco Pezo Camacho, John Thompson, William R. Brown, and Jeffrey Reeder.**

Each proposed Nominee elected will hold office until the next annual meeting of the shareholders of the Company or until his successor is duly elected or appointed, as the case may be, unless his office is earlier vacated in accordance with the by-laws of the Company or the provisions of the *Canada Business Corporations Act* to which the Company is subject or any similar corporate legislation to which the Company becomes subject.

The following table sets out the names of the nominees, the province or state and country in which each is ordinarily resident, all offices of the Company now held by each of them, their principal occupations, the period of time for which each has been a director of the Company, and the number of common shares of the Company beneficially owned by each, directly or indirectly, or over which control or direction is exercised, as at the date hereof. Proxies received in favour of management will be voted FOR the election of the above-named Nominees, unless the shareholder has specified in the proxy that his or her common shares are to be withheld from voting in respect thereof. Management has no reason to believe that any of the nominees will be unable to serve as a director but, if a Nominee is for any reason unavailable to serve as a director, proxies in favour of management will be voted in favour of the remaining Nominees and may be voted for a substitute nominee unless the shareholder has specified in the proxy that his or her common shares are to be withheld from voting in respect of the election of directors.

Re-Appointment of Auditor

Shareholders will be asked to approve the re-appointment of McGovern, Hurley, Cunningham, LLP, Chartered Accountants, as the auditors of the Company to hold office until the next annual meeting of shareholders at a remuneration to be fixed by the directors. McGovern, Hurley, Cunningham, LLP was first appointed auditor of the Company in June, 2004. **Unless the shareholder directs that his or her common shares are to be withheld from voting in connection with the re-appointment of auditors, the persons named in the enclosed form of proxy intend to vote FOR the re-appointment of McGovern, Hurley, Cunningham, LLP, Chartered Accountants, as the auditor of the Company until the next annual meeting of shareholders and to authorize the Board to fix their remuneration.**

The Board recommends that shareholders vote for the adoption of the resolution.

Confirmation of Rolling Stock Option Plan

TSX Venture Exchange (“TSXV”) policy requires that rolling stock option plans that set the number of shares issuable under such plan at a maximum of 10% of the issued and outstanding shares must be approved and ratified by the shareholders and the TSXV on an annual basis. The Company has previously adopted a stock option plan (the “**Stock Option Plan**”). The purpose of the Stock Option Plan is to attract, retain and motivate persons of training, experience and leadership as key service providers to the Company and its subsidiaries and to advance the interests of the Company by providing such persons with the opportunity to acquire an increased proprietary interest in the Company. Directors, officers, employees, and consultants are eligible to be granted stock options under the Stock Option Plan. Options under the Stock Option Plan are recommended by the Compensation Committee and granted by the Board. The term of an option granted under the Stock Option Plan may not exceed five years. An option is personal to the optionee and may not be assigned except as provided in the plan in the case of death. The maximum number of options approved by shareholders that may be issued under the Stock Option Plan is 10% of the number of common shares issued and outstanding. There are 9,850,000 options granted and outstanding and 13,614,987 options available for grant as of March 4, 2016. Options which expire unexercised become available for re-issue. The Company does not provide financial assistance to optionees to facilitate the exercise of options. The following table sets forth certain information regarding the options granted to directors, officers and employees that were outstanding as of December 31, 2015.

At the Meeting, shareholders will be asked to consider and, if deemed advisable, to pass an ordinary resolution, substantially in the form set out in Schedule “A” (the “**Stock Option Resolution**”), approving and ratifying the Stock Option Plan. **The persons designated as proxy holders in the accompanying form of proxy will vote the common shares represented by such form of proxy FOR the Stock Option Resolution, unless a shareholder has specified in the proxy that such shares are to be voted against the Stock Option Resolution.**

The Board recommends that shareholders vote FOR the adoption of the Stock Option Resolution. In order to be approved, this resolution must be approved by not less than a majority of the votes cast at the Meeting.

Consolidation of the Issued and Outstanding Common Shares

The Board believes that the current number of outstanding common shares may be required to be consolidated in order to be in a position to complete future financings in accordance with the minimum pricing policies of the TSXV. These policies provide that shares need to be issued at a minimum price of \$0.05 and that any warrants issued need to be at a minimum exercise price of \$0.05. Management believes that in order to be in a position to access

financings in the future, shareholders should provide the Company with approval to complete a share consolidation in the future should the Board deem it necessary and in the best interest of the Company. It is not the Company's intention to complete the consolidation unless it becomes necessary to complete a future financing or other business transaction deemed to be in the best interest of the Company.

Shareholders are being asked to consider and, if thought fit, to pass the special resolution, substantially in the form set out in Schedule "B" (the "**Consolidation Resolution**") authorizing the Board, in its sole discretion, to consolidate the common shares on the basis of one (1) new common share for up to seven (7) old common shares (the "**Consolidation**") and to amend the Company's articles accordingly. Notwithstanding approval of the Consolidation Resolution by shareholders of the Company, the Board may, in its sole discretion, revoke this special resolution, and abandon the Consolidation Resolution without further approval or action by or prior notice to shareholders.

Prior to making any amendment to effect the Consolidation, the Company shall first be required to obtain any and all applicable regulatory and relevant TSXV approvals.

i. Reasons for the Consolidation

The Board believes that shareholder approval of a maximum potential Consolidation ratio (rather than a single consolidation ratio) provides the Board with maximum flexibility to achieve the desired results of the Consolidation, and to ensure that the Company remains in compliance with applicable shareholder distribution requirements of the TSXV in obtaining future financings which are an essential component in the continued business of the Company as a junior resource exploration company. If the Consolidation Resolution is approved, the Consolidation will only be implemented, if at all, upon a determination by the Board that the Consolidation is in the best interests of the Company and its shareholders at that time. In connection with any determination to implement the Consolidation, the Board will set the timing for such Consolidation.

ii. Certain Risks Associated with the Consolidation

There can be no assurance that the total market capitalization of the common shares of the Company (the aggregate value of all common shares at the then market price) immediately after the Consolidation will be equal to or greater than the total market capitalization immediately before the Consolidation. In addition, there can be no assurance that the per-share market price of the common shares following the Consolidation will remain higher than the per share market price immediately before the Consolidation or equal or exceed the direct arithmetical result of the Consolidation. In addition, a decline in the market price of the common shares after the Consolidation may result in a greater percentage decline than would occur in the absence of a Consolidation, and the liquidity of the common shares could be adversely affected. Further, there can be no assurance that, if the Consolidation is implemented, the margin terms associated with the purchase of common shares will improve or that the Company will be successful in receiving increased attention from institutional investors.

iii. Principal Effects of the Consolidation

As at the Record Date, the Company had 234,649,870 common shares issued and outstanding. Following the completion of the proposed Consolidation, the number of common shares of the Company issued and outstanding will depend on the ratio selected by the Board. The following table sets out the appropriate number of common shares that would be outstanding as a result of the Consolidation at the ratios suggested below.

Table 1 – Consolidation Ratio

Proposed Consolidation Ratio⁽¹⁾	Approximate Number of Outstanding Common Shares (Post Consolidation)⁽²⁾
1 for 7	33,521,140
1 for 6	39,108,312
1 for 5	46,929,974
1 for 4	58,662,468
1 for 3	78,216,623
1 for 2	117,324,935

Notes:

- (1) The ratios above are for information purposes only and are not indicative of the actual ratio that may be adopted by the Board to effect the Consolidation.
- (2) Based on the number of outstanding common shares as at the Record Date.

As the Company currently has an unlimited number of common shares authorized for issuance, the Consolidation will not have any effect on the number of common shares that remain available for future issuances. The common shares reserved for issuance pursuant to the Stock Option Plan would also be reduced proportionately.

The Consolidation may result in some shareholders owning “odd lots” of common shares on a post-Consolidation basis. Odd lots may be more difficult to sell, or require greater transaction costs per share to sell, than shares in “board lots”. Brokerage commissions and other costs of transactions in odd lots are often higher than the costs of transactions in “roundlots” of even multiples of “board lots”.

The Consolidation will not give rise to a capital gain or loss under the *Income Tax Act* (Canada) for a shareholder who holds such common shares as capital property. The adjusted cost base to the shareholder of the new common shares immediately after the Consolidation will be equal to the aggregate adjusted cost base to the shareholder of the old common shares immediately before the Consolidation.

iv. Notice of Consolidation and Letter of Transmittal

Promptly after the date the Company files its articles of amendment in respect of the Consolidation, the Company will give written notice thereof to all the Company’s shareholders and will provide them with a form of a letter of transmittal to be used for the purpose of surrendering their certificates representing the currently outstanding common shares to the Company’s registrar and transfer agent in exchange for new share certificates representing whole post-Consolidation common shares. After the Consolidation, current issued share certificates representing pre-Consolidation common shares will (i) not constitute good delivery for the purposes of trades of post-Consolidation common shares; and (ii) be deemed for all purposes to represent the number of post-Consolidation common shares to which the shareholder is entitled as a result of the Consolidation. No delivery of a new certificate to a shareholder will be made until the shareholder has surrendered his, her or its current issued certificate(s).

v. Fractional Shares

No fractional common shares will be issued upon the Consolidation. All fractions of post-Consolidation common shares will be rounded to the next lowest whole number if the first decimal place is less than five and rounded to the next highest whole number if the first decimal place is five or greater.

vi. Percentage Shareholdings

The Consolidation will not affect any shareholder’s percentage ownership in the Company other than by the minimal effect of eliminating fractional common shares, even though such ownership will be represented by a smaller number of common shares. Instead, the Consolidation will reduce proportionately the number of common shares held by all shareholders.

vii. Implementation

The implementation of the Consolidation Resolution is conditional upon the Company obtaining the necessary regulatory consents. The Consolidation Resolution provides that the Board is authorized, in its sole discretion, to determine not to proceed with the proposed Consolidation, without further approval of the Company’s shareholders. In particular, the Board may determine not to present the Consolidation Resolution to the Meeting or, if the Consolidation Resolution is presented to the Meeting and approved, may determine after the Meeting not to proceed with completion of the proposed Consolidation and filing of the articles of amendment.

viii. Effect on Non-Registered Shareholders

Non-Registered Shareholders holding their Common Shares through a bank, broker or other nominee should note that such banks, brokers or other nominees may have different procedures for processing the Consolidation than those that will be put in place by the Company for Registered Shareholders. If you hold your Common Shares with such a bank, broker or other nominee and if you have any questions in this regard, you are encouraged to contact your nominee.

ix. Vote Required and Recommendation of Board

At the Meeting, the shareholders will be asked to pass the Consolidation Resolution, the full text of which is set out in Schedule “B” attached hereto.

The Board recommends that shareholders vote FOR the adoption of the Consolidation Resolution.

In order to be effective, the Consolidation Resolution must be approved by the affirmative vote of not less than two-thirds of the votes cast at the Meeting in respect of such resolution.

Proxies received in favour of management will be voted FOR the approval of the Consolidation Resolution, unless the shareholder has specified in the proxy that his or her common shares are to be voted against the Consolidation Resolution.

PART II - STATEMENT OF EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Remuneration plays an important role in attracting, motivating, rewarding and retaining knowledgeable and skilled individuals to the Company's management team. The main objectives the Company hopes to achieve through its compensation are:

- to attract and retain executives critical to the Company's success, who will be key in helping the Company achieve its corporate objectives and increase shareholder value;
- to motivate the Company's management team to meet or exceed targets;
- to recognize the contribution of the Company's executive officers to the overall success and strategic growth of the Company; and
- to align the interests of management and the Company's shareholders by providing performance-based compensation in addition to salary.

It is one of the aims of the compensation strategy to ensure that executives of the Company are paid reasonably and consistent with the level of responsibility and authority which they assume and taking into account the role they play in advancing the strategic objectives of the Company.

It is the role of the Compensation Committee to undertake periodic, independent reviews of market conditions to ensure that the executive officers of the Company are paid competitively relative to other comparable participants in the industry. When deemed necessary, the Committee may call upon outside resources to assist with these reviews and to ensure that the compensation packages available to executives are adequate to retain the existing compliment of executives and recruit others into this group as an integral part of facilitating and sustaining the continued growth of the Company. The Committee did not call upon outside resources during the year ended December 31, 2015 to assist in its review of the compensation of executive officers.

Neither the Board nor the Compensation Committee has formally considered the implications of the risks associated with the Company's compensation practices or policies. However, the Company's compensation practices and policies, as approved by the Compensation Committee, are generally designed to mitigate against excessive risk taking behaviour or situations that could encourage an executive officer to expose the Company to inappropriate or excessive risk. For example, the compensation policies and practices of the Company: (i) are structured uniformly across its various divisions; (ii) are structured uniformly for all executive officers (including NEOs (as hereinafter defined)); (iii) do not vary significantly from the overall compensation structure of the Company; (iv) do not reward the accomplishment of a task while the risk to the Company from that task extends over a significantly longer period; (v) do not reward performance goals or similar conditions that are heavily weighed to short-term rather than long-term objectives; and (vi) provide a maximum benefit or payout limit to executive officers (including NEOs).

The Company has not adopted a formal policy with respect to the purchase of financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds, that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by NEOs or directors; however, the Board would strongly discourage such practice by any NEO or director and the Board is not aware of any such instrument having ever been purchased by a NEO or director.

The basic elements of the compensation strategy are base salary, annual incentives and long-term incentives.

Base Salary

On an individual basis, base salaries are reviewed for each executive officer, including the CEO and CFO, and where it is deemed necessary, changes are made. Considerations taken into account when examining base salaries include years of experience, the potential contribution which the individual can make to the success of the Company and the level of responsibility and authority inherent in the job and the importance of maintaining internal equity within the organization.

For the year ended December 31, 2015, the Company paid consulting fees to Jeffrey Reeder in the amount of \$215,000 for his services as Chief Executive Officer of the Company and to Daniel Hamilton in the amount of \$124,750 for his services as Chief Financial Officer of the Company. Mr. Oscar Pezo was paid \$186,120 for his services as Vice President, Corporate Development of the Company. Mr. Pezo's compensation includes a severance payment of \$58,035 due to him under Peruvian labour law as part of a corporate restructuring in Peru. These amounts were determined by the Compensation Committee of the Company. The Compensation Committee relies on its industry knowledge and experience to set appropriate levels of compensation for senior officers. The Compensation Committee did not establish any quantifiable criteria in fiscal 2015 with respect to base salaries payable or the amount of equity compensation granted to executive officers and did not benchmark against a peer group of companies.

Discretionary Bonus

A discretionary bonus is intended to provide incentives to executive officers to enhance the growth and development of the Company, to encourage and motivate executive officers to achieve short-term goals, and to reward individual contribution to the achievement of corporate objectives. The bonus can be based as a percentage of annual base compensation or a fixed dollar amount and is awarded at the discretion of the Board as recommended by the Compensation Committee. There were no discretionary bonuses paid in respect of the year ended December 31, 2015. Mr. Hamilton was paid a bonus in the amount of \$12,500 in respect of the year ended December 31, 2014.

Long-term Incentives

Options to purchase the common shares of the Company encourage executive officers to own and hold the Company's common shares and are a method of linking the performance of the Company and the appreciation of share value to the compensation of the executive officer. When determining the number of options granted to an executive officer, items such as the relative position of the individual officer, the contribution made by that officer during the review period, the number of options granted previously would be taken into consideration.

The Compensation Committee recommends option grants to the Board. Pursuant to the Stock Option Plan, the Board grants options to directors, executive officers, other employees and consultants as incentives. The level of stock options awarded to a Named Executive Officer is determined by his position and his potential future contributions to the Company.

See "Confirmation of Rolling Stock Option Plan" for a description of the Stock Option Plan.
